ARIZONA PBS – CELEBRATING 60 YEARS!

Trusted, Valued, Essential

For 60 years, Arizona PBS has been the public square where divergent ideas and perspectives intersect in civil discourse and understanding. We connect our audiences to each other, their communities and the world. We pursue truth and knowledge with integrity.

We reach 80 percent of Arizona, 1.9 million households each week – through four television channels, community events, a print magazine and an ever-expanding digital footprint that includes our website, apps, live-streaming capabilities and social media. Arizona PBS is among the nation's largest PBS stations.

Arizona PBS fosters lifelong learning through high quality programming, in-depth news coverage and critical educational outreach services. Nationally, PBS is ranked #1 in public trust for the 18th year in a row. Locally, Arizona PBS is one of the 10 most-watched public television stations in the U.S. during prime time -- and we have 138 Emmys to show for it!

Arizona PBS is a valuable contributor to Arizona's quality of life. **We aren't just part of the community; we're leaders within it.**
